

Manual Chainlink Machine

Machine Price - Rs.1,20,000 + 18% GST

Power Specification

Supply details	440 V 3 Phase power supply or 230 V 1 Phase power supply
Supply Required	4 HP (min) power supply

Complementary Dye - 01 nos (Any size)

Delivery time 10 to 15 working days

Production Specification

Mesh Making	1 inch - 5 Inches
Wire Thickness	1.6 mm (16 SWG) - 4 mm (8 SWG)
Wire Type	GI Wire , PVC Coated Wire
Chainlink Height	2 feet to 10 feet

Production Capacity
(12 swg - 3" x 3" - 5 ft Height)

in kgs 70 - 90

in sq.m/hr 60 - 80

Operators Required

Operator - 1 | Weavers - 03 (min)
(for mentioned production)

Machine Specification

Dimension	6 ft x 2.5 ft x 3.5 ft
Motor details	3 HP Induction Motor - 1 nos (3 phase) or 2 HP Induction Motor - 1 nos (1 phase)
Electrical details	Omron Make SMPS AEC Make Motor Clutch & Brake combination L&T and Schneider Electric parts

Dye Price Quotation

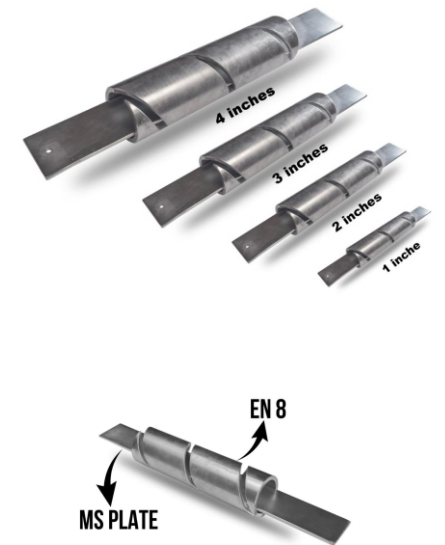

Dye Mould Size	Price
1 inch	Rs.1800 + 18% GST
1.25 inches	Rs.1800 + 18% GST
1.5 inches	Rs.1800 + 18% GST
1.75 inches	Rs.1800 + 18% GST
2 inches	Rs.2800 + 18% GST
2.25 inches	Rs.2800 + 18% GST
2.5 inches	Rs.2800 + 18% GST
2.75 inches	Rs.2800 + 18% GST
3 inches	Rs.3500 + 18% GST
3.25 inches	Rs.3500 + 18% GST
3.5 inches	Rs.3500 + 18% GST
3.75 inches	Rs.3500 + 18% GST
4 inches	Rs.4500 + 18% GST
4.25 inches	Rs.4500 + 18% GST
4.5 inches	Rs.4500 + 18% GST
4.75 inches	Rs.4500 + 18% GST
5 inches	Rs.5500 + 18% GST
6 inches	Rs.6500 + 18% GST

Delivery time 04 to 07 working days

**Customized mesh gap and
specifications can be done on extra charge basis

Both Automatic machine & Manual machine dyes are available

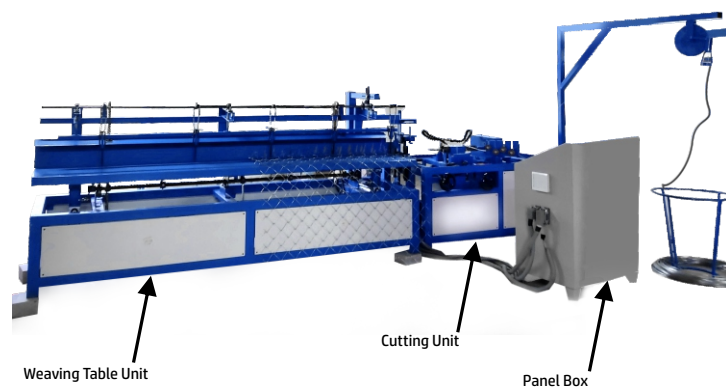

Chainlink Dye Moulds

Dye Specification

Material	Dye - EN 08 ; Patta - Mild Steel
Dye Mould lenght	10 inches
Plate Lenght	19 inches
Hardness	40 - 50 HRC

Automatic Cutting and Weaving Chainlink Machine

Machine Price - Rs.6,50,000 + 18% GST

Power Specification

Supply details	440 V 3 Phase power supply
Supply Required	7 HP (min) power supply

Complementary Dye - 04 nos (Any size)

Delivery time 20 to 25 working days

Production Specification

Mesh Making	1 inch - 4.5 Inches
Wire Thickness	1.6 mm (16 SWG) - 4 mm (8 SWG)
Wire Type	GI Wire , PVC Coated Wire
Chainlink Height	2 feet to 10 feet

Production Capacity
(12 swg - 3" x 3" - 5 ft Height)

in kgs 80 - 100

in sq.m/hr 60 - 80

Operators Required

Operator - 01 | Helper - 01
(for mentioned production)

Machine Specification

Dimension	5 ft x 2.5 ft x 2.5 ft - Cutting Unit 10 ft x 3 ft x 4 ft - Table Unit
Motor details	4 HP - Servo Motor - 1 nos 1 HP - Induction Motor - 1 nos 1 HP - Brake Motor - 1 nos
Electrical details	7" Delta touch HMI - 1 nos Delta PLC - 1 nos AEC Make Motors and Gear Boxes L&T and Schneider Electric parts

Production Specification

Mesh Making	1 inch - 4.5 Inches
Wire Thickness	1.6 mm (16 SWG) - 4 mm (8 SWG)
Wire Type	GI Wire , PVC Coated Wire
Chainlink Height	2 feet to 10 feet

Production Capacity
(12 swg - 3" x 3" - 5 ft Height)

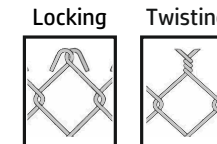

in kgs 80 - 100

in sq.m/hr 60 - 80

Operators Required

Operator - 01 | Helper - 01
(for mentioned production)

Both finish can be done

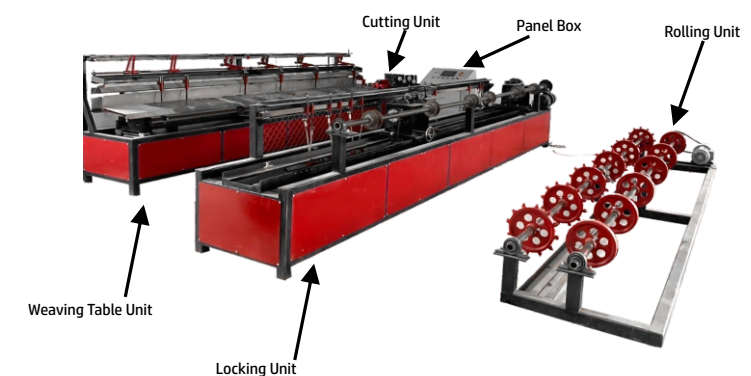

Locking or Twisting from

Mesh Gap - 2" to 4"
Wire thickness - 9 swg to 13 swg

Machine Specification

Dimension	5 ft x 2.5 ft x 2.5 ft - Cutting Unit 10 ft x 3 ft x 4 ft - Table Unit 12.5 ft x 2.5 ft x 2 ft - Locking Unit 12.5 ft x 2.5 ft x 1 ft - Rolling Unit
Motor details	4 HP - Servo Motor - 1 nos 1 HP - Induction Motor - 1 nos 1 HP - Brake Motor - 1 nos 0.5 HP - Induction Motors - 5 nos
Electrical details	7" Delta touch HMI - 1 nos Delta PLC - 1 nos AEC Make Motors and Gear Boxes L&T and Schneider Electric parts

Fully Automatic Chainlink Machine

Machine Price - Rs.9,50,000 + 18% GST

Power Specification

Supply details	440 V 3 Phase power supply
Supply Required	10 HP (min) power supply

Complementary Dye - 04 nos (Any size)

Delivery time 25 to 30 working days

Terms and Conditions

50% of the purchase order as **advance** and **balance** at time of **delivery for machinery**

100% of the **purchase order as advance** for Dye moulds, Hand twisting machine, Machinery spares and tools.

Transport Charges extra

Labour charge during installation is free.

Travel, Food, Accommodation needs to be provided

**** free installation is not applicable for manual machine**

Service charge is applicable everytime. Travel, Food, Accommodation needs to be provided

WHY US ?

Machine can be customized based on your choice

ANYTIME

Service support
Sales tragedy support
Technical support
Raw material support

Hand Twisting Machine

Machine Price - Rs.10,000 + 18% GST

Technical Specification

Battery Capacity	1.5 hrs to 2 hrs
Wire thickness	9 swg (3.7 mm) to 14 swg (2 mm)
Direction	Both forward and Reverse
Battery type	Single battery 12 V

Products and Accessories

Cordless Drilling Machine - 1 nos
Twisting Tool - 1 nos
Charger - 1 nos
Battery - 1 nos
Warranty Card

Delivery time 04 to 07 working days

Warranty Period - **06 Months**

**** No voltage and physical damages will be covered in warranty period**

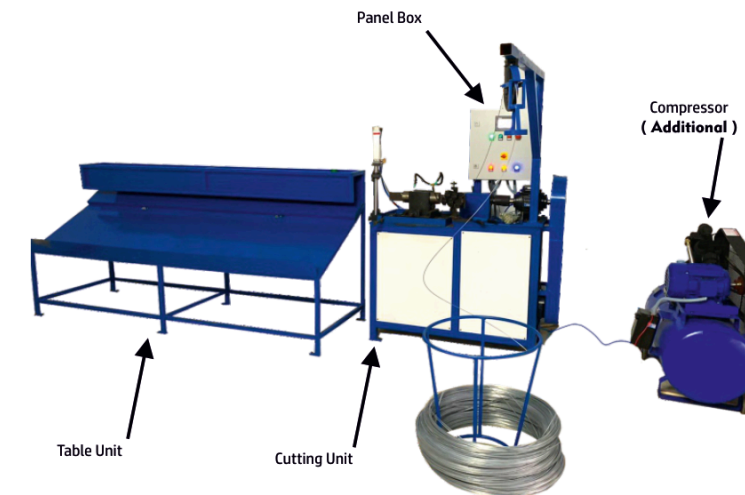

Production Specification

Mesh Making	1 inch - 5 Inches
Wire Thickness	1.6 mm (16 SWG) - 4 mm (8 SWG)
Wire Type	GI Wire , PVC Coated Wire
Chainlink Height	2 feet to 10 feet
Production Capacity (12 swg - 3" x 3" - 5 ft Height)	
in kgs	80 - 100
in sq.m/hr	60 - 80
Operators Required	
Operator - 1 Weavers - 02 (min)	(for mentioned production)

Machine Specification

Dimension	4 ft x 2 ft x 5.5 ft - Cutting Unit 9.75 ft x 3.5 ft x 4 ft - Table Unit
Motor details	5 HP - Induction Motor - 1 nos (3 phase)
Electrical details	4 " Delta touch HMI - 1 nos Delta PLC - 1 nos AEC Make Motor Clutch & Brake combination L&T and Schneider Electric parts
Pneumatic details	Genuine Janatics pneumatics components

Semi Automatic Chainlink Machine

Machine Price - Rs.2,80,000 + 18% GST

Power Specification

Supply details	440 V 3 Phase power supply
Supply Required	6 HP (min) power supply

Complementary Dye - **01 nos** (Any size)

Delivery time 15 to 20 working days

**** Compressor Extra Cost**

Machine can also be done for 2 phase supply in Additional cost
